ENHANCED EXPERIENCES AND ACTIVITIES DESCRIPTIONS AT TAITA HILLS WILDLIFE SANCTUARY

1. TREE PLANTING;

- Planting a Sustainable Legacy: Every Guest, Every Tree – Join Us in Making a Greener World! Leave a lasting impact on the environment during your stay. Every guest staying at our safari lodge within Taita Hills Wildlife Sanctuary plant a tree, not only helping to reduce our carbon footprint, but leaving a meaningful gift to our environment.
- Duration of the activity– 30/45 minutes, from 1 client to max 30 clients per session;
- Donation – a nominal fee (as specified above) per person to plant a tree with the donation going to towards the maintenance of the reforestation project areas and the purchase of the seedlings from the local community within a micro economic project.
- The activity is aimed at encouraging guests to plant a tree during safari drive within the sanctuary and leave a positive impact on the environment;
- By planting a tree, hotel guests will help in reducing our carbon footprint, and help restore the ecosystem for the abundance of wildlife within the region.
- Tree species planted are all indigenous species i.e. *Acacia elatior*; *Newtonia hildebrandtii*, *Acacia xanthophloea* among others. The seedlings are planted within specific reforestation sites across the sanctuary to rejuvenate the ecosystem.
- Seedlings are provided to the guests.
- Rangers at the reforestation site help prepare the location, assist to plant the seedling, and provide insight into the reforestation site and the reasoning behind the specific seedling being planted.
- Guests staying at Taita Hills Resort have an option of planting trees at the resort without going into the reforestation sight which is located within the sanctuary.
- Guests staying at Salt Lick will plant trees at the reforestation sight which is located within the sanctuary.
- Reforestation website: visit the following website to see the positive impact to date from the reforestation activities carried out by our guests and rangers - <https://plantatree.taitahillswildlifesanctuary.com>

2. ESCORTED NATURE WALK

- The 45/60 minutes Guided Nature Walk is conducted between 1030hrs -1130Hrs;
- The designated route is approximately 4km on relatively flat ground with some light gradients. The Nature walk is guided by experienced rangers (unarmed) and always accompanied by a support vehicle.
- Nature walks provide guests with an opportunity to interact with nature, identify mammals, birds, and close photography. An opportunity to learn more about the ecosystem and how every insect to large mammal has an impact.
- Guests are required to sign an indemnity before commencing the Nature Walk.
- Maximum 20 clients per nature walk.

3. CONSERVATION TALK BY SANCTUARY MANAGER AND SENIOR RANGER

Bio of the

- i. **Sanctuary Manager-** Conservation biologist with varied experience in Wildlife Conservation, wildlife monitoring and ecosystem management. Our Sanctuary Manager has a doctorate in wildlife conservation.
